HOW TO SAVE MONEY

In these times when living expenses have increased from thirty to fifty per cent, it is unusual to hear of a standard remedy being offered at half price.

Yet that is the way Dr. F. Davis, "the druggist," is selling Dr. Howard's celebrated specific for the cure of dyspepsia and constipation. In addition to selling a fifty-cent bottle, containing a month's treatment of sixty doses, for 25 cents, he gives his personal guarantee with every bottle he sells to refund the money if it does not give satisfaction.

This unusual offer has brought hundreds of customers to his store in the last few weeks, yet out of the many bottles of Dr. Howard's specific he has sold, but one customer has asked to have the money returned. This was done without any questions, although he does not think it extremely could have been given a fair trial.

Doctor's bills can be saved by the use of Dr. Howard's specific for the cure of dyspepsia and constipation, and by taking advantage of this special half price introductory offer our readers can obtain half the regular price of the ap- plicator.

U. S. SOLDIERS BEATEN.

It Was Down on the Gridiron by Ver-
mont Collegians.

Burlington, Oct. 17.—The university of Vermont defeated the Fort Ethan Allen eleven yesterday afternoon on the Central field. The game was witnessed by a large number of spectators, and was far more interesting and exciting than the score indicates. The soldiers played conspicuously well, and the "varsity" earned by terrific line plunges, clever end runs and tricky forward passes the four touchdowns made. Vermont had possession of the ball most of the time, the soldiers constantly punting, and never coming within striking distance of the coveted chalk line. The forward pass was given many tries, and in not a few instances proved disastrous to both teams. On defensive, the Fort Ethan Allen boys were a grand set, and when the aggressive they seemed to lose confidence and go to pieces.

New England Railroad Backward.

Boston, Oct. 17.—New England, as a whole, has not greatly improved its steam transportation in the last fifteen years, and is far behind many parts of the country in this respect. Our transportation is in many places local, slow, wasteful and expensive, declared T. R. Byrnes, vice-president of the New York, New Haven & Hartford railroad company, before the Boston Boat and Shoe club, at a banquet at the Hotel Brunswick last night.

Jury Was Out One Hour.

Burlington, Oct. 17.—Edward Miller of Bellows Falls was sentenced by Judge Seneca Hazen in county court yesterday to not more than 4½ years and not less than four years in the state prison at Windsor. He was convicted of horse stealing. The jury was out one hour.

October Wedding in Stowe.

A pretty wedding took place at the home of Mr. and Mrs. G. W. Adams in Stowe Tuesday evening when their daughter, Mrs. Christina M. Sargent, was married to Albert Forrest Foster by the Rev. E. M. H. Abbott, pastor of the Unitarian church. The ceremony took place in the sitting room, which had been tastefully decorated with autumnal foliage, the bride party standing in a bower arched with maple leaves and carpeted with leaves and ferns. Miss Gladys Houston at the organ, rendered Mendelssohn's Wedding March during the entrance of the party. A large number of friends and relatives were present and ice cream and cake were served. After the bridal tour of two weeks to New York Mr. and Mrs. Foster will return to Mr. Adams for the winter. Mr. Foster is a son of Mr. and Mrs. James Foster and came with his parents from Fort Covington, N. Y. about three years ago. Mrs. Foster has been the popular and efficient housekeeper at the Summit House, Mount Mansfield, for several seasons and expects to act in that capacity another year. During the preparations for serving refreshments to the bride and groom, to escape the practical jokes in store for them, left the house unobserved. The bride's sister, Miss Bessie Adams, drove the couple to Waterbury, where they took the south-bound train.

LARGELY ATTENDED.

Burlington, Oct. 17.—The funeral of Lemuel S. Drew of Burlington yesterday afternoon from St. Paul's church, follow-

ing a short prayer service at his late home, and was largely attended. The officiating clergymen were the Rev. A. C. Clark and the Rev. Gement Graves, and music was rendered by St. Paul's choir.

The casket was borne into the church by four members of the city police for attention by ex-Governor L. Barstow of Shelburne, Sayles Nichols, B. J. Derby, C. A. Hibbard, M. D. L. Thompson of Burlington and H. H. Hough of South Burlington as honorary bearers. Local Knights Templar to the number of 30 acted as escort, and Washington lodge, F. & A. M., attended in a body and conducted the Masonic service at the grave. The floral tributes were very beautiful, among them being pieces from Burlington Commandery, Knights Templar; Burlington Council, Royal and Select Masters; Burlington Chapter, Royal Arch Masons; Washington lodge, F. & A. M., with other designs and flowers from individuals.

Granite Quarryman Found Dead.

James Henderson, a quarryman, was found dead in a pasture near the railroad about three-fourths of a mile below St. Johnsbury, October 3. Henderson was around the village the evening before, as well as usual, but it is supposed he wandered away and was killed in the pasture, death ensuing from cold. Henderson was formerly employed at Graniteville, and was prominent in the union at that place.

Didn't Spend a Dollar.

Boston, Oct. 17.—In complying with the law regarding election expenses Gov. Guild filed yesterday a statement that he had not spent a cent in his campaign for governor, and that he did not intend to spend a dollar. State Treasurer Arthur H. Chapin filed a similar return.

New Automobile Record.

Birmingham, Ala., Oct. 17.—Christie Strang, a nephew of Walter Christie, lowered the world's mile automobile record for a circular track yesterday by covering the distance in 31.4 seconds.

with the state law. Mr. Newton was

hired by the "fathers of the town" for a

stipulated sum of money and the wood

to cut the brush and trees growing with-

in the highway lands on the farm occu-

ped by Darius Gray, but during Mr.

Newton's absence the Messrs. Gray drew

off the wood.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is

Caused by a Germ.

Science is doing wonders these days in

medicine as well as in mechanics. Since

Adam lived, the human race has been

troubled with dandruff, for which no

reparation has hitherto proved a suc-

cessful cure until Newbro's Herpicide was

on the market. It is a scientific prepa-

ration that kills the germ that makes

dandruff or scurf by digging into the

scalp to get at the root of the hair, where

it saps the vitality, causing itching, scal-

ding hair, and finally baldness. With

dandruff and hair loss goes baldness. It

is the only destroyer of dandruff

and is being used by leading druggists. Send 10

cents for sample to The Herpicide Co.,

Two cents—10 cents and 25 cents.
